ENTHUSIASTIC MEETING OF TEMPERANCE WORKERS

First Step Toward Fight Against Re-Opening of Saloon Taken

In anticipataion of the filing of petitions asking a local option election in Lincoln county within the next few months, the pastors of the four churches of the city at their Sunday morning services called a mass meeting at the courthouse for Sunday night for the purpose of dis cussing the situation. The temperance rally was well aattended by both men and women notwithstandmuch enthusiasm was manifested by those who will lead the fight against the re-establishment of the saloon in the county.

Strong arguments, calling upon the Christian people of the city and county to rally in this fight were their views of the situation. All pleded enthusiastic support in the fight and none seemed inclined to accept a remedy for the present evils of Baughman, J. C. McClary, Clarence E. Tate, P. M. McRoberts, J. C. Flor ence made short and enthusiastic much toward putting the blind tigers out of business. He said that if given his way he would not only have the blind tigers exterminated but would refuse license to the soft dates to the people. drink stands, two of which naw operate in the city. His remarks were vigorously applauded. S. M. Saufley said that if the temperance leaders would not quit work after a lo-cal option victory had been won but see to it that officials were electlaws and would enforce them, the over the county would not exist and no one would be suggesting the saloons as a remedy.

It is said to be the plan of the temperance leaders to ask every can where he stands on this question. state what they will do about the matter and he placed on recard before the people where they stand on

Contrary to expectation, the petitions asking for a local option election were not filed on the county court day. Those securing the names have until 60 days for filing before a day designated for the election. but the election must be called on a regular county court day. Reports are from those who seem some little trouble in securing money to finance their campaign. A number of the large liquor dealers who have heretofore been glad to contribute toward such an election fund, are said to have refused to "come seross" at this time, on account of the fact that they are very well satis fied with conditions as they exist in Lincoln at present. They are said to be selling more liquor in the county now than was ever sold under saloons and an L. & N., representative here is quoted as saying that more whisky is being shipped into Stanford right now than was ever ship-

ped in for saloons. On the other hand, a number of the prominent temperance leaders present at the meeting Sunday night pledged both their time and money to fight for their cause, so that they go into the campaign enthusiastic and confident of victory.

A rousing temperance meeting was also held at Hustonville Sunday night in which great enthusiasm was manifested and the West End was pledged to enter vigorously into the fight against the open saloon

WORK STARTS ON DEPOT.

The L. & N., construction crew consisting of 15 men came to town Saturday last and work was immediately started on Stanford's new depot. The west wing of the old depot was torn down, but the remainder of the old building will be left standing until the new station is nearly complete for the latter will be placed exactly in the center of the railroad's lot so that the old depot will not interfere with construction work.

The political campaign in Lincoln was formally opened in Stanford Monday afternoon when Hon. Edward J. CHAMP CLARK TO SPEAK HERE OCTOBER 23.

Dates For Lyceum Club's Five Entertainments in Stanford are Announced.

The Redpath Bureau has notified he Stanford Lyceum Club of the dates of the five splendid attractions of the course which will be presented here at the opera house this winter. The dates assigned are as follows:

Champ Clark, October 23. Mendelssohn Quartet, Nov. 10. Reno, the Magician, Nov. 24 Musical Four, Jan 6.

Orchestral Entertainers, Feb. 29. These are four as high class entertainmens as can be found upon any lyceum course and will undoubtedly meet with the appreciation they serve from the people of Stanford. Each number is of the highest class and the program is so diversified that a pleasing variety of entertain-

ments is secured. Champ Clark. Speaker of the House of Representatives and of the democrats prominently mentioned as a presidential candidate will be the first number, and his lecture alone will be worth the price of the season tickets. The whole lyceum course is endorsed by the ministers of Stanford, and everyone who appreciates a high class list of attrac-

ions of the character secured. The season tickets have been arranged so that those who buy them may engage, and reserve in advance their seats for the whole course, selecting the seats desired at the time of purchase and having them marked for the whole course. The prices fixed are considered very reasonable, being \$2.50 for seats within the first eight rows of the house, and \$2 for seats back of these. This makes an average of 50 and 40 cents per attraction for the series, a very low price, taking into consideration the quality af the attractions. Members of the Lyceum lub will be glad to list those who desire season tickets. Those who come first will be able to secure the choicest reservation of seats for the course, as the seats will be assigned in the order that the tickets are day morning for Coburn's minstrel sold. It will be a case of first come first served. Tickets may be secured from Welch Rochester, Hays Foster, Prof. J. W. Ireland or S. M. Saufley.

Homan's Danger Veriods Made Jale

By Lydia E. Pinkham's Vegetable Compound

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Here is proof:

Natick, Mass.,—"I cannot express what I went through during the Change of Life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold. I had creepy sensations and could not sleep nights. I was finally told by two physicians that I had a tumor.

"I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it as worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish this letter."—Mrs. Nathan B. Greaton, 51 No. Main St., Natick, Mass.

ANOTHER SIMILAR CASE.

Cornwallville, N. Y.—"I have been taking Lydia E. Pinkham's Vegetable Compound for some time for Change of Life, nervousness, and

a fibroid growth. "Two doctors advised me to go to the hospital, but one day while I was away visiting, I met a woman who told me to take Lydia E. Pinkham's Vegetable Compound. I did so and I know it helped me wonderfully. I am very thankful that I was told to try Lydia E. Pinkham's Vegetable Compound."—Mrs. Wm. Boughton,

Cornwallville, N. Y., Greene Co. The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those abovethey tell the truth, else they could not have been obtained

for love or money This medicine is no stranger - it has stood the test for years.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
